Yes

If yes, give a brief descripton and a list of modules currently operational (maximum 500 words)

The College does not have a full fledged Management Information System (MIS). However, we are using MIS partially for the coordination,

control, and visualization of information. These include the following modules: 1. Finance and Accounts: The college makes best use of ICT in financial accounting. Salary of staff is prepared using Excel to minimize mistakes and wastage of papers. The salary of the permanent staff is credited to their respective accounts online. 2. Administration: The college circulates all notices related to college through its facebook page. The college also communicates with affiliating university and with regional higher education officer/ Directorate through mails. College uses CCTVs for monitoring to ensure safe environment in college.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The college is affiliated to C. C. S. University, Meerut. Therefore, all the programmes run by the college follow the syllabus prescribed by the C. C. S. University. At the beginning of the academic session, an academic calendar is prepared for the college in concurrence with the university academic calendar and departmental academic calendars. The time table committee headed by the Principal and senior faculty members frame a detailed time table for academic and co-curricular purposes. Emphasis is given on interactive teaching wherein students' active participation is encouraged through quizzes, cross-questioning, group discussion etc. The college also has a physical library with approximate 32150 books. Faculty members are encouraged to upgrade and embrace the new teaching tools(ICT). For the very purpose, the institute has four classrooms equipped with LCD projectors, one smart room and a Wi-Fi enabled computer lab which is used by most of the faculty members. Faculty members are encouraged and leaves are sanctioned periodically for attending various seminars, workshops, refresher and orientation courses. All this makes our faculty aware of various advancements in subjects and teaching methodologies. Timely meetings with faculty and technical staff makes the academic plan clear and consistent, so that people know what is expected of them, and what resources are available to support them in their work. Feedback collected by IQAC from students is yet another very powerful tool in assessing the progress and areas where improvement is needed.

Parents	No

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>The college takes feedback at the end of the session from the students enrolled in the college. The feedback forms are collected from the students for overall development of the college. Students' feedback is rated on 5 point scale from 1 to 5. There are eighteen close-ended questions and a suggestion box in the feedback questionnaire. Most of the students were satisfied with the syllabus covered and the teaching style of the teachers. Students also find that teachers are fair in assessing their capabilities and knowledge through different classroom activities. Students are satisfied with the illustrations of teachers for explaining concepts through examples and applications. Most of the students were also fully satisfied with the teachers identification of student's strengths and weaknesses. The students' feedback also shows that they</p>

also agree that the institution makes effort to engage them in the monitoring, review and continuous quality improvement of the teaching learning process. Some students demanded field visits for better understanding of the practical aspects of the subject. Some of the suggestions given by the students were: Better facilities of electricity, drinking water and cleaner washrooms. Keeping in mind the feedback, process for implementing the suggestions was initiated.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

With the primary objective of enabling constructive and positive interaction, guidance, and mentorship of students, the teachers perform the role of mentors. It is a particular form of relationship designed to provide personal and professional support to an individual. The mentor is more experienced than the mentee and makes use of that experience in a facilitative way to support the development of the mentee. In our college, the faculty members facilitate students who face crossroads at every other turn of their life. The teachers help students in

improving their insight into various aspects of life, assist them in building self-confidence, and setting career goals. Our college has been catering to the needs of the all-round development of the students and taking care of their academic and stress-related issues from the very beginning. The mentors are responsible for the general and specific well-being of the allotted students. They assist students who encounter unexpected difficulties during their span of study. The teachers are actively engaged in guiding and counseling students to be physically and mentally fit and to develop awareness about their well being. They make their mentees aware of various career goals by giving information regarding several courses and available vacancies in several fields. Mentoring helps in increasing academic performance and decreases unexcused absences and tardiness and it also improves relationships with parents and decreases the dropout rate. Mentors provide students with important information about college preparatory courses, financial aid, and the college admissions process. Whether students enter college with a clear career path in mind, or they are intent on weighing their options, mentors help them discover and develop their interests and innermost passions. They keep students' best interests, abilities, skills, and talents in mind, giving them the influence and guidance they need to reach their highest potential. Mentoring is a valuable strategy to provide students with the emotional and instrumental support they need to achieve the goal of a college degree. Beyond the classroom and lab, mentors assist students in career and life choices. Transitional times are most difficult for individuals who don't have a clear understanding of the environment or situation they're transitioning to. By providing information, guidance, and encouragement, mentors play an important role in nurturing students' college aspirations. In addition, mentoring for students in college helps them to feel more connected and engaged on campus, which can ultimately improve student outcomes. Along with introducing students to professionals and opportunities in their chosen field, mentors acquaint students with new resources and organizations. The most valuable aspect of mentorship is that each partnership is unique based on a student's individual circumstances, chosen field of study, and career goals.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Assessment of performance is an integral part of the teaching-learning process of the college. In the beginning of every academic session, an orientation program is conducted which gives an insight of the entire course curriculum, question paper pattern etc. Students can approach their respective subject teachers regarding any query related to the course curriculum. Tests and Assessments are conducted periodically and remedial classes are also conducted for slow learners to clear their doubts and make them competent enough to clear their exams and enhance their knowledge. Students are given assignments and projects to enhance their performance on various aspects of the curriculum like understanding of subject matter, honing their writing skills and sharing of their thoughts amongst each other.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Generally academic session starts from July month and ends in June month. As this is a government aided college and affiliated to Chaudhary Charan Singh University, Meerut, so before finalizing the academic calendar of the college, the committee which makes the academic calendar goes through university academic calendar. Once the academic calendar of the college is finalized, individual departments also prepare their calendar in which course plan and co-curricular activities are clearly described. The college academic calendar includes all the important activities like orientation programs, commencement of classes, celebration of important days, examination schedules etc. The college runs U.G. and P.G. courses. U.G. courses are on annual basis and their exam dates are declared by the university. Tentative dates are marked in the academic calendar. The P.G. courses are divided in two semesters in each year. The exam dates given in the calendar may differ slightly because both internal and external exams for P.G. departments are conducted as per the directions issued by the University. In such cases students are informed by notices pasted on notice board, college Facebook page and through teachers. The academic calendar is prepared in such a way, that all the departments get a chance to participate and organize an event in the academic year. The head of the institution monitors the academic calendar closely so that all the activities and exams are completed in time and as per the calendar.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The college has a standard established system and well defined procedures for the maintenance and utilization of physical and academic support facilities. The colleges policy is to ensure proper upkeep of various infrastructural and other facilities for their optimum utilization and effective college functioning. Various committees have been constituted at the college level by the head of the institution for the very purpose. However, it is the college development and budget committee that looks after the overall planning and development of the college. Annual physical stock verification of all office equipment, furniture, computers, laboratory equipment and library is conducted by these committees. Besides, every department has its own stock register where-

in the record of equipment available in the laboratory and physical assets owned by the department are maintained. The annual budget for purchasing new and maintaining the existing physical and academic facilities is sanctioned and released by the college development and budget committee. Majority of maintenance expenditure is incurred from the college fee. The college has a generator to provide full power backup to the whole campus. Minor maintenance of electricity falls, furniture items, metal fixtures and other physical support facilities is carried out by the approval of concerned committee of maintenance. The college has hired electricians, plumbers, etc. on daily wages to upkeep proper maintenance of the college. Besides, the college has also hired temporary staff on contract basis for maintaining cleanliness of the college. The housekeeping of the classrooms, laboratories, library and the institute as a whole is taken care of by the contractual staff. The maintenance of departmental laboratories and library is taken care of by their respective department incharges. The maintenance of college library is looked after by the librarian. The college has a large ground for sports and cultural activities to provide students with various sports facilities like Football, Kho Kho, Kabaddi, Volleyball, Chess, Carrom board etc. The college also has a functional gymnasium. Maintenance of these sports facilities is upon physical education and sports department. The college has a dedicated team which takes care of all the latest news and updates to be uploaded on the college website and facebook page of the college. Antivirus softwares have been installed on all the computers in the college used for both academic and official purposes. These are updated and renewed regularly. The security and safety of the college premises is ensured by installing security cameras (CCTVs) at crucial places. Security guards are appointed by the management to look after the college 24x7. During examinations and other occasions police personnel are approached as per University guidelines.

The institute has a vibrant student council consisting of a president, vice president, secretary, cultural secretary and treasurer. The student council is elected for a year. The student council aspires to empower students by raising their concerns and voicing their issues. The members of student council not only help in coordinating and conducting various academic, social, cultural and co-curricular activities, but also motivate other students to participate in them. They act as a medium of communication between the college administration and students. Besides, the college provides ample scope for students' representation in its various academic and administrative committees. For instance, the IQAC committee has one student and the sports committee, cultural committee and college magazine committee have two students each as their members.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college practices decentralization and participative management to attain organizational harmony and to elevate the counter-productivity of rigid hierarchical system. The college prefers flexible hierarchical arrangement in administrative and academic management, which is democratic, decentralized and participatory. In this sequence, various administrative and academic committees are formed at the college level by the head of the institution and all the faculty members of the college are assigned roles in these committees as per their knack and capabilities. In the academic year 2015-16, various committees have been constituted for efficient and effective management of the college. These committees meet regularly to oversee various functions of the institution. In these meetings, the shortfalls of the administrative and academic structures of the college are discussed. The college, thus, streamlines its functioning through committee system. The college also encourages students representation by inducting some of its brilliant and active students in various college committees. Besides, students are also involved informally by different faculty members in routine college activities. This combination of formal and informal decentralization not only decentralizes the system and makes management participatory, but it also brings transparency in the functioning of the system and a sense of belonging to the institution and its responsibilities.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Human Resource Management	<p>On the basis of nature of job, the college staff can be divided into 2 categories- Teaching Staff and Non Teaching Staff. The teaching staff can further be classified into Permanent teachers, Approved teachers and tutors (appointed only on requirement basis for a limited time). Similarly, non teaching staff can be classified into permanent and temporary employees. The college has different committees in which responsibilities are assigned on seniority basis, however, due weightage is given to member's area of expertise. No undue hindrances are created in career progression. Temporary members of non teaching staff are given out of turn promotion as an incentive, if they further enhance their knowledge and expertise or acquire higher educational qualification. There's a grievance redressal cell in which anyone can share his/ her grievance, in case s/he has one.</p>
Curriculum Development	<p>The college is affiliated to C. C. S. University, Meerut and follows the</p>

curriculum prescribed by the University. Thus, the college has no direct role in the curriculum development. However, the teachers are encouraged to include latest developments related to a topic in their classroom teaching. In dynamic subjects, this fills the vacuum between traditional and static part of the subject and latest knowledge in that area. In addition, some senior faculty members of the college have also been members and conveners of the University's Board of Studies and have contributed in the curriculum development.

Teaching and Learning

The primary role of a teacher is to disseminate the knowledge in a way that the students can understand easily. Keeping this in mind, the college encourages the faculty members to use innovative methods of teaching and make use of the available ICT tools. For this very purpose the college has 1 smart room, 4 LCD projectors and a wifi enabled campus. The IQAC in its meetings motivates teachers to attend various courses on teaching pedagogy offered by different institutions. Students are also encouraged to get themselves acquainted with the usage of ICT tools. A computer lab comes handy for this very purpose.

Examination and Evaluation

Along with the university annual and semester exams for the undergraduate and postgraduate programmes respectively, every department holds class tests, quizzes etc according to their own schedule. Internal exams for the PG students are also conducted in each semester as per University directions. Continuous evaluation by these methods helps the students to know their weaknesses and drawbacks. On the basis of their performance, the teachers help the students through remedial classes. Apart from this, faculty wise orientation programme is conducted at the beginning of the session in which the students are informed about the paper pattern and marking scheme. Students are also given time to time guidance to attempt previous year question papers.

Research and Development

The college is not a research centre. However, students of PG department of Geography have a paper on dissertation

in their curriculum which prepares them for further research in their area of interest. The college also organizes talks, seminars and conferences etc. from time to time. The college also encourages its faculty members to attend refresher courses, national and international seminars and conferences. The teachers are also motivated to publish their research papers in journals and are encouraged to apply for minor and major research projects sponsored by UGC and other government agencies.

Library, ICT and Physical Infrastructure / Instrumentation

The automation of the library is the topmost priority of the college. The process for library infrastructural augmentation has already been initiated. There's a rich book bank in which students, teachers and all others are encouraged to donate books. The college also promotes this book bank during various events. Time to time upgradation of computers is done. Software licenses are renewed as per the requirement.

Admission of Students

The college is affiliated to C. C. S. University, Meerut and follows the guidelines and norms of the University in the admission process. Online application forms are filled by the eligible students for admission in the college. On the basis of online registration, the University declares a merit list and sends it to the college. The college admission committee, then, examines student's provisional offer letters. Attached document are also cross checked and verified with the original documents. Students are offered subject combinations on the basis of their own preference and on the number of seats available in a particular subject. The entire process is transparent enough.

Minimal use of plastics
Plantation drive
Restricted entry of vehicles inside the campus

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

BEST PRACTICE 1. 1. Title of the Best Practice: Social inclusion in education
2. The Context: Social inclusion in education refers to taking special initiatives to support the students coming from the weaker and underprivileged sections of the society. Most of the students taking admission in our college belong to these sections of the society. 3. Objectives of the Practice: • To ensure equal opportunities and resources are available to students coming from different socio-economic backgrounds. • To provide quality education to all the students with greater emphasis on the students belonging to weaker sections of society. • To empower students from the marginalised sections of the society by putting extra efforts in building their confidence and personality. 4. The Practice: Students irrespective of their socio-economic background are granted admission to Mihir Bhoj P. G. College. Special efforts are also made by various college committees such as Internal Quality Assurance Cell to ensure that all students have a quality student life. Scholarships are also made available to all deserving students. 5. Advantages: • Students from underprivileged sections of the society are able to gain knowledge, skills and a proactive attitude to be on par with their peers from privileged backgrounds. • Enhancement of the confidence levels and communication skills among these students 6. Challenges: The Inability of the individual students to adjust with the general student crowd, eventually leading to loss of confidence and de-motivation in participating in various college activities. 7. Evidence of Success A great number of students from underprivileged backgrounds successfully completed their degree from our college with zero dropouts. 8. Resources Required • Financial support and scholarships. • A solid system of support to ensure that students are adjusting well to the new atmosphere.

BEST PRACTICE 2. 1. Title of the Best Practice: Community Service 2. The Context: The college demonstrates a balance in academic and life training programmes and provides opportunities to its students to strengthen their bond with the society. It aims at not just imparting quality education to the students but also aims at their overall personality development by encouraging them to contribute voluntarily towards the betterment of the society and environment through various community services. 3. Objectives of the Practice: • To develop a sense of responsibility and accountability in the students towards their society and community. • To train the students in community building. • To develop leadership qualities. • To strengthen managerial skills. 4. The Practice: The college has a very dynamic unit of NSS volunteers that has been active in organising various programmes in sensitizing local masses towards crucial issues of social relevance such as health, hygiene and education, women empowerment, environment and sustainability, etc. Some of the community service programmes organised by the NSS unit during 2015-16 are as follows: - 1) Plantation drive in and around the college campus 2) Cleanliness drive in neighbouring villages 3) Nukkad natak on Women Empowerment, Importance of Education, Dowry System, Corruption, Our National Heros. 5) Guest Lectures by dignitaries on various burning issues like - Problems and Challenges faced by Indian Youth, Importance of Girl Child Education, and Patriotism in Youth and Nation Building etc Thus, both students and teachers have been actively involved in these community services thereby developing social bonding with the locals of the region. 5. Advantages: • Creates an atmosphere of mutual respect and caring within the college campus. • Builds a sense of responsibility among the students • Inculcates team spirit and leadership traits in students 6. Challenging issues: Motivating students to voluntarily contribute in community services. 7. Evidence of Success: • Awareness programmes organised by the college students are reported in newspapers. • Students join NGOs, VOs to work for society because of exposure

and learning they receive on these outreach programs. 8. Resources Required: • Faculty trained in Social Work and Service so as to ensure productive activities are organised. • Orientation programmes to educate students to carry out their duties and responsibilities.
