Departments were encouraged to conduct seminars and guest lectures

Internal academic audit of the departmental activities was conducted

# No Files Uploaded !!!

13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

| Plan of Action  | Achivements/Outcomes  |  |  |
|---|---|--|--|
| Ensure easy and effective delivery of lectures  | Most of the teachers delivered<br>bilingual lectures and notes were given<br>to the students  |  |  |
| Strict direction to be given to the<br>teachers for timely assessment of the<br>students                        | Departmental calendars were prepared<br>and due weightage was given to various<br>activities like class tests, MCQs, co-<br>curricular activities etc. Timely<br>internal assessment of the students was<br>done and weaker students were<br>identified & remedial classes were also<br>held by the departments for such<br>students. |  |  |
| Upgradation of laboratories   | Departmental labs were upgraded as per<br>the requirements of the respective<br>department.   |  |  |
| To promote research activities  | Faculty members actively participated/<br>presented papers in seminars/<br>conferences, Faculty Development<br>Programmes/ Workshops etc. Some of them<br>also wrote research papers in national/<br>international journals and some got<br>their books published.  |  |  |
| Timely collection and analysis of<br>feedback from teachers and students  | At the end of the session, feedback was<br>collected from teachers and students.<br>The record of feedback analysis is kept<br>with the IQAC.   |  |  |
| No Files  | Uploaded !!!  |  |  |
| 14. Whether AQAR was placed before statutory body ?   | No  |  |  |
| 15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ? | No  |  |  |
| 16. Whether institutional data submitted to AISHE:  | Yes   |  |  |
| Year of Submission  | 2020  |  |  |
| Date of Submission  | 27-Jan-2020   |  |  |
| 17. Does the Institution have Management<br>Information System ?  | Yes   |  |  |
| If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)                | The College does not have a full<br>fledged Management Information System<br>(MIS). However, we are using MIS<br>partially for the coordination, control<br>and visualization of information. These   |  |  |

include the following modules: 1. Finance and Accounts: The college makes best use of ICT in financial accounting. Salary of staff is prepared using Excel to minimize mistakes and save paper. The salary of the permanent staff is credited to their respective accounts online by treasury. 2. Administration: The College sends all notices related to college through WhatsApp group of teaching and nonteaching staff to improve flow of circulation of information. All these updates are also uploaded on the social media pages of the college for eg. Facebook. The college also communicates with affiliating university, with regional higher education office/ Directorate through mails. College uses CCTVs for monitoring to ensure safe environment in college.

Part B

### **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The college is affiliated to C. C. S. University, Meerut. Therefore, all the programmes run by the college follow the syllabus prescribed by the C. C. S. University. At the beginning of the academic session, an academic calendar is chalked out for the college in concurrence with the university academic calendar and departmental academic calendars. The academic calendar is detailed yet flexible enough to permit changes. The time table committee headed by the Principal and a senior faculty member frame a detailed time table for academic and co-curricular purposes to make sure that students engage equally in different types of activities in which they are expected to participate. The time table is viable enough to cover the available time frame as per the academic calendar of the college. The departments strive for effective curriculum delivery through a combination of time tested and innovative methods. In addition to the traditional chalk and talk method of teaching, the institute follows ICT enabled teaching as well. For the very purpose, the institute has four classrooms equipped with LED projectors, one smart room and a Wi-Fi enabled campus which is used by most of the faculty members extensively in day to day teaching to make curriculum delivery efficient and attractive. Emphasis is given on interactive teaching wherein students' active participation is encouraged through quizzes, cross-questioning, group discussion etc. Subjects having practical aspect have their own well-equipped laboratories for experimenting and exploring the new technologies based on the syllabus. The college has a physical library with approximate 33500 books which are issued to students from time to time according to their need. The college believes in continuous internal assessment of the students. In this sequence, internal exams are held twice in an academic session at the UG level and twice in a semester at the PG level. On the basis of these internal assessments, advanced learners and slow learners are identified and are given guidance accordingly. Advanced learners are encouraged to take up competitive exams

conducted by UPSC, UPPSC, SSC, RRB etc. Slow learners, on the other hand, are given special attention. The college has a provision of departmental remedial classes for slow learners, wherein tough topics are illustrated lucidly enough that they can easily understand it. The college believes in constantly reviewing its mechanism of teaching and learning. In this sequence, wellplanned feedback is taken every year from the students to know the actual effectiveness of the whole implemented process.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

#### Feedback Obtained

Development is a continuous process. Keeping this in the mind, the college takes feedback on regular interval of a year from the students enrolled in annual system and semester-wise from the students enrolled in semester system. The feedback forms are collected from the following stakeholders for overall development of the college: 1. Students 2. Teachers. The Feedback forms are then analyzed to know the positive and negative points so that proper actions can be taken for providing better environment of teaching and research to the students as well as teaching faculty. The feedback is received from all the faculty members and ten percent of the total students. Feedback taken from the teachers includes 13 questions and a suggestion box. Students' feedback is rated on 5 point scale from 1 to 5. There are eighteen closed ended questions and one row for suggestions in the feedback questionnaire. Most of the students were satisfied with the syllabus covered and the teaching style of the teachers. Students also find that teachers are fair in internal evaluation process. The Teaching and mentoring process in college facilitates students in cognitive, social and emotional growth. Students are satisfied with the illustrations of teachers for explaining concepts through examples and applications. Most of the students were also fully satisfied with the teachers' identification of student's strengths and weaknesses to encourage them with providing right level of challenges. The students' feedback also shows that they also agree that the institution makes effort to engage them in the monitoring, review and continuous quality improvement of the teaching learning process. Some students demanded field visits for better understanding of the practical aspects of the subject, therefore, in session 2019- 20 some of the U.G. and P.G. departments took their students to the field visit. When student's suggestions were asked, there were mainly following suggestions: Better facilities of electricity, drinking water and cleaner washrooms. Keeping in mind the feedback, process for implementing the suggestions was initiated.

| members facilitate students who face crossroads at every other turn of their life. The teachers help students in improving their insight into various aspects of life, assist them in building self confidence and setting career goals. Our college has been catering to the needs of all round development of the students and taking care of their academic and stress related issues since the very beginning. The mentors are responsible for the general and specific well being of the allotted students. They provide assistance to students who encounter unexpected difficulties during their span of study. The teachers are actively engaged in guiding and counselling students to be physically and mentally fit and to develop awareness about health and legal women rights. They make their mentees aware about various career goals by giving information regarding several courses and available vacancies in several fields. Mentoring helps in increasing academic performance and decreases unexcused absences and tardiness and it also improves relationships with parents and decreases dropout rate. Mentors provide students with important information about college preparatory courses, financial aid and the college admissions process. Whether students enter college with a clear career path in mind, or they are intent on weighing their options, mentors help them discover and develop their interests and innermost passions. They keep students' best interests, abilities, skills and talents in mind, giving them influence and guidance they need to reach their highest potential. Mentoring is a valuable strategy to provide students with emotional and instrumental support they need to achieve the goal of a college degree. Beyond the classroom and lab, mentors assist students in career and life choices. Transitional times are most difficult for individuals who don't have a clear understanding of the environment or situation they're transitioning to. By providing information, guidance, and encouragement, mentors play an important role in nurturing stud |  |  |  |   |   |  |  |  |  |  |

| 2.5.2 – Reforms initiate   | d on Continuous Interna | al Evaluatio | n(CIE) syst   | em at the institution | onal le                          | evel (250 words)                           |  |
| 2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words) Quality education requires an effective teaching and learning environment both inside and outside the classroom. Assessment of performance is an internal part of teaching and learning process. In the beginning of every educational session there is an orientation program which gives an insight of entire course curriculum, question pattern etc. Mentoring system is implemented in the college , so that students can approach their mentors regarding any query related to the course curriculum. Tests and Assessments are conducted periodically. Students are encouraged to solve previous years question papers. Remedial classes are conducted for students who score less marks in assessments or those who are slow learners, so that they can become competent enough to clear their exams and enhance their knowledge. Tutorial classes are arranged on regular basis, so students can clarify their doubts regarding complex topics of the subject and prepare for their assessments. After every internal examination answer sheets are shown to students so that students can understand the evaluation process and if there are any queries it can be considered for rechecking. Multiple seminars, assignments and projects are conducted in every academic session. Assignment papers are provided to students before the final examination. These initiatives have helped the students to enhance their performance on various aspects like understanding of subject matter, writing skills and sharing of thoughts amongst each other. |                         |              |               |                       |                                  |  |  |

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Generally academic calendar starts from July month and ends in June month. As

this is a government aided college and affiliated to Chaudhary Charan Singh University, Meerut, so before finalizing the academic calendar of the college, the committee which makes the academic calendar goes through the government yearly calendar and university academic calendar. Once the academic calendar of the college is finalized, individual department also prepare their calendar in which course plan and co-curricular activities are dearly described. The college academic calendar includes all the important activities like orientation programs, starting of classes, celebration of important days, examination schedules, holidays etc. The college runs U.G. and P.G. courses. U.G. courses are on annual basis and their exams dates are declared by the university.Tentative dates are marked in the academic calendar. The P.G. courses are divided in two semesters in each year. There are two internal and one external exam in each semester. Internal exam dates are clearly declared in the academic calendar. The dates given in the calendar may differ slightly due to unavoidable reasons. In that case students are informed by notices posted on notice board, WhatsApp groups and through teachers. The academic calendar is prepared in such a way, that all the departments get a chance to participate and organize an event in the academic year. The head of the institution monitors the academic calendar closely so that all the activities and exams are completed in time and as per the calendar.

## 2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

equipment, furniture, computers, laboratory equipment and library is conducted by these committees and a report is prepared and registered in the specific stock register. Besides, every department has its own stock register where in the record of equipment available in the laboratory and physical assets owned by the department are maintained. The annual budget for purchasing new and maintaining the existing physical and academic facilities is sanctioned and released by the college development and budget committee every year. Majority of maintenance expenditure is incurred from the college fee. The college has a generator to provide full power backup to the whole campus. Minor maintenance of electricity falls, furniture items, metal fixtures and other physical support facilities is carried out by the approval of concerned committee of maintenance. The college has hired electricians, plumbers, etc. on daily wages to upkeep proper maintenance of the college. Besides, the college has also hired temporary staff on contract basis for maintaining cleanliness of the college. The housekeeping of the classrooms, laboratories, library and the institute as a whole is taken care of by the contractual staff. The maintenance of departmental laboratories and library is taken care of by their respective department incharges. The maintenance of college library is looked after by the librarian. The college has a large ground for sports and cultural activities to provide students with various sports facilities like Football, Kho Kho, Kabaddi, Volleyball, Chess, Carrom board etc. The college also has a functional gymnasium. Maintenance of these sports facilities is upon physical education and sports department. The college has a dedicated team which takes care of all the latest news and updates to be uploaded on the college website and various

che fatest news and updates to be uploaded on the college website and various social media handles of the college. Antivirus softwares have been installed on all the computers in the college used for both academic and official purpose. These are updated and renewed regularly. The security and safety of the college premises is ensured by installing security cameras (CCTV) at crucial places. Security guards are appointed by the management to look after the college 24/7. During examinations and other occasions police personnel are approached as per University guidelines. The building and maintenance committee of the college looks after the overall maintenance and renovation of the college building and improvement of various infrastructural facilities in the college.

| The institute has a vibrant student council composed of class representatives<br>nominated by faculty members in their respective classes. The student council<br>actively involves some of the most brilliant minds of the college into its<br>various academic and administrative activities. The student council aspires to<br>empower students and responsibilities are delegated to them by various academic<br>and administrative committees which will inculcate leadership qualities and<br>executionary skills in them. The members of student council not only help in<br>coordinating and conducting various academic, social, cultural and co-<br>curricular activities, but also motivate other students to participate in them.<br>They act as a medium of communication between the faculty members and students.<br>Besides, college provides ample scope for students' representation in its<br>various academic and administrative committees. For instance, the IQAC<br>committee has one student and the sports committee, cultural committee and<br>college magazine committee have two students each as their members. |                                      |                           |                |                    |                      |                     |                    |

# **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

6.1.2 – Does the institution have a Management Information System (MIS)?

#### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college practices decentralization and participative management to attain organisational harmony and to elevate the counter-productivity of rigid hierarchical system. The college prefers flexible hierarchical arrangement in administrative and academic management, which are democratic, decentralized and participatory. In this sequence, various administrative and academic committees are formed at the college level by the head of the institution and all the faculty members of the college are assigned roles in these committees as per their knack and capabilities. In the academic year 2019-20, 15 committees, including college development and budget committee, building and maintenance committee, IQAC, library committee, sports committee, cultural committee, admission committee, examination committee, NAAC Committee, etc., have been constituted for efficient and effective management of the college. These committees meet regularly to oversee various functions of the institution. In these meetings, the shortfalls of the administrative and academic structures of the college are discussed. The proceedings of these meetings are duly recorded and decisions taken in the meetings are circulated to all the concerned faculty and non faculty members. To ensure successful execution of the decisions taken in the meetings, the college follows decentralization through delegation of power. The college, thus, streamlines its functioning through committee system. The college also encourages students representation by inducting some of its brilliant and active students in various college committees. Besides, various students are also involved informally by various faculties in day-to-day management activities. This combination of formal and informal decentralization not only decentralises the system and makes management participatory, but it also brings transparency in the functioning of the system and a sense of belonging to the institution and its responsibilities.

| 5.2 – Strategy Development and Deployment                 |   |  |  |  |  |  |  |
| 6.2.1 – Quality improvement strategies adopted by the ins | 6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each)  |  |  |  |  |  |  |
| Strategy Type   | Details   |  |  |  |  |  |  |
| Admission of Students                                     | The college is affiliated to C. C. S.<br>University, Meerut and follows the<br>guidelines and norms of the University<br>in the admission process. Online<br>application forms are filled by the<br>eligible students for admission in the<br>college. On the basis of online<br>registration, the University declares a<br>merit list and sends it to the college.<br>The college admission committee, then,<br>examines student's provisional offer |  |  |  |  |  |  |

|                            | letters. Attached document are also<br>cross checked and verified with the<br>original documents. Students are<br>offered subject combinations on the<br>basis of their own preference and on<br>the number of seats available in a<br>particular subject. The entire process<br>is transparent enough.  |
|----------------------------|--|
| Research and Development   | The college is not a research centre.<br>However, students of PG department of<br>Geography have a paper on dissertation<br>in their curriculum which prepares them<br>for further research in their area of<br>interest. The college also organizes<br>talks, seminars and conferences etc.<br>from time to time. The college also<br>encourages its faculty members to<br>attend refresher courses, faculty<br>development programs, national and<br>international seminars and conferences.<br>The teachers are also motivated to<br>publish their articles in journals and<br>are encouraged to apply for minor and<br>major research projects sponsored by<br>UGC and other government agencies.  |
| Examination and Evaluation | Along with the university annual and<br>semester exams for the undergraduate<br>and postgraduate programmes<br>respectively, every department holds<br>monthly tests, quizzes and hourly<br>programmes according to their own<br>schedule. Internal exams for the PG<br>students are also conducted once in<br>each semester. After evaluation, answer<br>scripts are distributed to the students<br>so that they can get themselves<br>aquatinted with the evaluation scheme<br>and get their answers rechecked, in<br>case they have any issue with the<br>evaluation. Continuous evaluation by<br>these methods helps the students to<br>know their weaknesses and drawbacks and<br>teachers help them through tutorials<br>and extra classes, many times on one to<br>one level as well. Apart from this,<br>faculty wise orientation programme is<br>conducted at the beginning of the<br>session in which the students are<br>informed about the paper pattern and<br>marking scheme. Students are given time<br>to time guidance to attempt previous<br>year question papers. |
| Curriculum Development     | The college is affiliated to C. C. S.<br>University, Meerut and follows the<br>curriculum prescribed by the<br>University. Thus, the college has no<br>direct role in the curriculum   |

|   | <pre>development. However, the teachers are<br/>encouraged to include latest<br/>developments related to a topic in<br/>their classroom teaching. In dynamic<br/>subjects, this fills the vacuum between<br/>traditional and static part of the<br/>subject and latest knowledge in that<br/>area. In addition, some senior faculty<br/>members have also been members and<br/>conveners of the University's Board of<br/>Studies and contributed in the<br/>curriculum development.</pre>  |
|---|---|
| Teaching and Learning   | The primary role of a teacher is to<br>disseminate the knowledge in a way that<br>the students can understand easily.<br>Keeping this in mind, the college<br>encourages the faculty members to use<br>innovative methods of teaching and make<br>use of the available ICT tools. For<br>this very purpose the college has 1<br>smart room, 4 LED projectors and a wifi<br>enabled campus. The IQAC in its<br>meetings motivates teachers to attend<br>various courses on teaching pedagogy<br>offered by different institutions.<br>Students are also encouraged to get<br>themselves acquainted with the usage of<br>ICT tools. A computer lab comes handy<br>for this purpose. |
| Library, ICT and Physical<br>Infrastructure / Instrumentation | The automation of the library is<br>under process. OPAC, INFLIBNET, N-LIST<br>are the topmost priority of the<br>college. The process for library<br>infrastructural augmentation has<br>already been initiated. Bar-coding of<br>books has been done. There's a rich<br>book bank in which students, teachers<br>and all others are encouraged to donate<br>books. The college also promotes this<br>book bank during various events. Time<br>to time up-gradation of computers is<br>done. Software licenses are renewed as<br>per the requirement. All the computers<br>have latest version of softwares<br>installed.   |
| Human Resource Management                                     | On the basis of nature of job, the<br>college staff can be divided into 2<br>categories- Teaching Staff and Non<br>Teaching Staff. The teaching staff can<br>further be classified into Permanent<br>teachers, Approved teachers and tutors<br>(appointed only on requirement basis<br>for a limited time). Similarly, non<br>teaching staff can be classified into<br>permanent and temporary employees. The<br>college has different committees in<br>which responsibilities are assigned on  |

|  | seniority basis, however, due weightage |
|--|---|
|  | is given to member's area of expertise. |
|  | No undue hindrances are created in      |
|  | career progression. Temporary members   |
|  | of non teaching staff are given out of  |
|  | turn promotion as an incentive, if they |
|  | further enhance their knowledge and     |
|  | expertise or acquire higher educational |
|  | qualification. There's a grievance      |
|  | redressal cell in which anyone can      |
|  | share his/ her grievance, in case s/he  |
|  | has one.                                |
| 6.2.2 Implementation of a governance in cross of and |   |

| 2.2 – Implementation of e-governance in areas of operations: |  |  |  |  |  |  |  |
|--|--|--|--|--|--|--|--|
| E-governace area   | Details  |  |  |  |  |  |  |
| Administration   | The college sends all notices related<br>to college through WhatsApp group of<br>teaching and nonteaching staff to<br>improve flow of circulation of<br>information. All these updates are also<br>uploaded on the social media pages of<br>the college for eg. Facebook. The<br>college also communicates with<br>affiliating university, with regional<br>higher education officer/ Directorate<br>through mails. College uses CCTVs for<br>monitoring to ensure safe environment<br>in college.   |  |  |  |  |  |  |
| Finance and Accounts   | The college makes best use of ICT in<br>financial accounting. Salary of staff<br>is prepared using Excel to minimize<br>mistakes and wastage of papers. The<br>salary of the permanent staff is<br>credited to their respective accounts<br>online by treasury.  |  |  |  |  |  |  |
| Student Admission and Support                                | Online application forms are filled<br>by the eligible students for admission<br>in the college. On the basis of online<br>registration forms, the University<br>declares a merit list and sends it to<br>the college. The college admission<br>committee, then, examines student's<br>provisional offer letters. Attached<br>document are also .cross checked and<br>verified with the original documents.<br>Students are offered subject<br>combinations on the basis of their own<br>preference and on the number of seats<br>available in a particular subject. |  |  |  |  |  |  |
| Examination  | All the work related to operation of<br>exams is done online. Students fill<br>their examination forms on University<br>website and submit it to college.<br>College confirms students through login<br>id provided by university. College<br>confirms students through login id   |  |  |  |  |  |  |

provided by university. The college uploads video of opening of question paper envelopes of every shift to the email ID and whatsapp number provided by the university. CCTVs are used for monitoring of students.

## 6.3 – Faculty Empowerment Strategies

organising various programmes in that sensitizing local masses towards crucial issues of social relevance such as health, hygiene and education, women

empowerment, environment and sustainability, etc. Some of the community service

programmes organised by the NSS unit during 2019-20 are as follows:- 1) Plantation drive in and around the college campus in the month of August 2019. 2) Swachhta Pakhwada was celebrated in the college and its adjacent localities from 1st August, 2019 to 15th August, 2019. 3) Poshan maah was celebrated in the college during the month of September 2019. 4) an awareness program was conducted on 20th November, 2019 in neighbouring localities. 5) A women centric Cultural event was organised by the college on 2nd December, 2019 where in various programmes were presented by the students targeting issues like child marriage, female foeticide, dowry etc. 6) fit India movement was celebrated in the college from 18th January, 2020 to 24th January, 2020 where in students were encouraged to participate in various activities like cycling, PT, kho-kho, volleyball, yoga, martial arts, etc. 7) NSS volunteers spread awareness among the locals regarding leprosy under Sparsh leprosy awareness campaign on 7th February, 2020. 8) The NSS unit volunteered for Fight against covid-19 campaign in neighbouring villages wherein awareness was spread regarding covid-19, its symptoms, social distancing and sanitisation and masks were also distributed among villagers. Thus, both students and teachers have been actively involved in these community services thereby developing social bonding with the locals of the region.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

#### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Mihir Bhoj College, Dadri was established in 1968 with Science department in Maths, Chemistry and Physics subjects and got affiliation with CCS university. It was further enlarged with Zoology and Botany subjects in 1970 and English, History, Hindi, Economics and Political Science in 1979, Geography in 1985. Presently Hindi, Mathematics, Chemistry, and Geography subjects are taught at the Postgraduate level. The college is spread in about 24000 square meters in a green and peaceful atmosphere making it a right place for studious students. The college has been established as a co-educational institution with a clear vision to establish ourself as a leading college providing higher education of higher standard with integrity, consistency and due diligence. To achieve our vision, we have made mission to prepare the future generation with academic excellence and practical skill set needed to face global challenges and lead the country into the world of the future. So to make our students academically excellent, we are providing quality education and for increasing practical skill to face global challenges to lead the country, we believe in the holistic development of our students from body, mind and soul as Mahatma Gandhi Ji once said," By Education I mean an all-round drawing out of the best in child and

man ?body, mind and spirit". We also believe that we can lead the country and world if we decrease the gender gap and are able to provide equal opportunities to both genders with quality higher education at a low-cost education fee.

#### Provide the weblink of the institution

#### 8. Future Plans of Actions for Next Academic Year

For the new academic year, different value-added courses are to be started by the college as value-added courses add extra features in the qualification of students. These courses will also help the students to widen their horizon of knowledge and make them acquaint with the practical way of life or thinking. Lab in any college plays a very important role to develop mental skills and practical knowledge of students if it is skilfully mixed with the theoretical aspect of teaching. So, for this our institute is planning to upgrade the departmental labs of our college with latest equipment. The institution also plans to increase the number of guest lectures in both offline and online mode to ensure the maximum participation of college students and teachers. Presently we have a good Wi-Fi connection in our college but we are planning to upgrade the bandwidth of the connection to enhance the quality of internet accessibility. This will be very helpful for conducting online classes, running of computer lab, language lab, smart room etc. Library is considered the heart of any institution as it improves the knowledge of the students. We have relevant books and magazines related to each subject in our college library. The college has also subscribed to Hindi and English dailies to keep the students updated with the latest state of affairs across the globe. If a library is fully furnished with the latest tools and software for searching the books as well as maintaining the record of borrowed and newly added books, the library can be called a well-equipped library. For the same purpose, the college is determined to initiate the process of library automation and make the library equipped with latest tools and software. Language plays a very important role in the overall development of a student. For this purpose, we will also try to establish language labs. In addition, different software related to language enhancement like pronunciation checker and correct the sentence, etc. shall also be installed in computer lab.
